...operate under the name of Directories.

...ctice," adopted at the inception of the
...ry Publishers in 1898, and strictly adhered
...satisfactory Directory Service.

The publisher of a Directory should
dedicate his best efforts to the cause
of business uplift and social service,
and to this end pledges himself:

1. To consider, first, the interest of
the user of the book.
2. To subscribe to and work for
truth, honesty and accuracy in all
departments.
3. To avoid confusing duplication of
listings, endeavoring to classify every
concern under the one heading that
best describes it, and to treat addi-
tional listings as advertising, to be
charged for at regular rates.
4. To increase public knowledge of
what Directories contain; to study
public needs and make Directories to
supply them; to revise and standard-
ize methods and classifications, so
that what is wanted may be most
easily found, and the Directory be
made to serve its fullest use as a

business and social reference book and
director of buyer and seller.

5. To decline any advertisement
which has a tendency to mislead or
which does not conform to business
integrity.

6. To solicit subscriptions and ad-
vertising solely upon the merits of the
publications.

7. To avoid misrepresentation by
statement or inference regarding cir-
culation, placing the test of reference
publicity upon its accessibility to seek-
ers, rather than on the number of
copies sold.

8. To co-operate with approved or-
ganization and individuals engaged in
creative advertising work.

9. To avoid unfair competition.

10. To determine what is the high-
est and largest function of Directories
in public service, and then to strive
in every legitimate way to promote
that function.

\$100 Reward will be paid by the Association of North American Directory Publishers
for the arrest and conviction of any person or persons engaged in the publishing,

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

INTRODUCTION and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1956 edition of the Tarboro City Directory, which also includes Princeville and the rural routes emanating from the Tarboro post office.

This is the first Hill Directory of Tarboro and is completely standardized according to the policies of the Association of North American Directory Publishers.

Confidence in the growth of Tarboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly depicting Tarboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Tarboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Tarboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Tarboro, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major de-

partment, printed on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

IV. THE TARBORO RURAL ROUTE DIRECTORY is the fourth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Tarboro. There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Edgecombe County, 1955-56 assessed valuation \$55,637,-989; rate \$1.40 per \$100; outstanding debt at March 31, 1956 including \$30,000 Refunding Bonds sold on March 27, 1956 \$1,630,000; population 1950 U. S. Census 51,634.

Tarboro, county seat of Edgecombe County, is located in the coastal plain section of North Carolina, in the center of one of the State's finest agricultural areas producing tobacco, cotton, peanuts, corn and feedstuffs. Located within the town limits is a cotton mill employing 625, a veneer mill employing 140, and a farm machinery manufacturer employing 414. Other industries include cotton, lumber, knitting, feed and grain, and cotton oil mills. The average weekly payroll of the town is approximately \$150,000. Tarboro, the home office of Carolina Telephone and Telegraph Company which serves about 100 municipalities in eastern North Carolina.

Incorporated in 1760. Tarboro has shown steady progress in growth. The retail business section, with its modern stores

Main Street

and progressive merchants, is one of the finest in the south for any city of comparable size. A wide selection of merchandise is offered in the stores and the local citizen can fulfill all his needs right at home.

Tarboro has a healthy diversification of industry which insures its continued growth and prosperity. Located here is a large textile mill, two hosiery mills, an agricultural implement manufacturer, two large lumber manufacturers, a plywood manufacturer, a concrete block and concrete products manufacturer, a peanut processing plant and a cotton seed oil products manufacturers. Native labor is employed in the Tarboro plant and employee-manager relationship has been noted for smoothness of operation and good will.

In addition to its diversified industry, Tarboro is a very important tobacco market. Six large, modern auction warehouses handle the leaf sales and buyers representing all domestic and foreign companies are on hand for the auctions. For the past several years Tarboro has shown a gratifying increase in the number of pounds sold each year and is rapidly becoming one of the best markets in the Bright Leaf Tobacco Belt. Production and marketing of cotton and peanuts have also played a very important part in the city's growth.

Tarboro boasts three modern hospitals in addition to the County Tuberculosis Sanatorium. Two of these hospitals, the Bass Memorial and the Edgecombe General, are staffed by white doctors and nurses while the third, the Quigless Clinic is for colored patients only. The health of a community plays a vital part in the stability and progress, not only of the community itself, but of the nation as a whole and Tarboro is fortunate in having these fully-equipped hospitals with their well-trained staffs. They serve patients from a wide radius and the doctors who practice in the hospitals are considered among the finest in the State.

Tarboro has the distinction of being the first municipality to operate its own milk plant. The Municipal Milk

Bridgers Public School

Plant was originated in 1918 after an epidemic of disease among Tarboro's children which was traced to the milk supply. Operated on a non-profit basis, its beginning was a modest one, but the plant and its output have grown until it is today in the category of "big business." By operating on a non-profit plan, the city is able to give its citizens and customers a better grade of milk at a lower cost. The raw milk is purchased from nearby dairies and is pasteurized before being bottled. This plant has been the subject of study by representatives of city governments from every part of the country and abroad.

In addition to the Municipal Milk Plant, Tarboro also operates its own electric plant, furnishing an ample supply of power both for industry and home needs. The profits derived from the Municipal Light and Power System have contributed towards keeping the city in excellent financial condition, with a low bonded debt and a low tax rate. The city also has a modern water purification plant which was built during the mid-thirties. This plant is large and modern in every respect and is adequately equipped to take care of the city's present and future needs.

Tarboro is served by a network of well paved roads which include U. S. Highways 64 and 258. The Atlantic Coast Line Railroad serves the city and offers excellent connections to all parts of the country. Air transportation, air freight and crop dusting facilities are available at the city-owned Tarboro Municipal Airport and excellent bus connections are available to all parts of the State.

The Municipal Swimming Pool in Tarboro is one of the finest in the South. Tarboro citizens can well be proud of this splendid outdoor pool which is open day and night to swimmers of all ages. Year after year, Tarboro has produced outstanding swimming teams which have won more than their share of trophies and records in swimming meets both at home and throughout the East, Midwest and Deep South. The Tarboro pool has paid great dividends in health, safety and teamwork for the youth of Tarboro and has been an

important addition to the recreational facilities of all her citizens.

In addition to the swimming pool, Tarboro has a fine Municipal Ball Park. Additional recreational facilities include golfing, tennis and softball. Fishing in the Tar River which borders the city, and in the smaller streams in the county, as well as hunting in the fall and winter, round out a complete recreational program.

Of special interest to the visitor is the Town Common which is one of the most beautiful parks in the State. Its massive oak trees have afforded shade for generations and it is a favorite gathering place for children and grownups. Visitors will also want to see Calvary Episcopal Church, the parish house which contains museum pieces dating back to 1320. Trees growing in the church yard, including a cork tree, were brought from every continent of the world. Another place of genuine interest is a small, private museum owned by Dr. J. P. Keech. Started as a hobby by Dr. Keech in his boyhood, this little museum contains a very interesting collection of Indian relics, firearms and swords dating back to the Civil War, implements and tools over one hundred years old and an amazing variety of other museum pieces. Here are preserved the minutes of the first Masonic meeting in Tarboro which took place on Nov. 11, 1811.

Tarboreans are proud of the Commons, the only Commons south of Boston, a tract of land situated in the heart of the city, where stately oaks and flowering dogwood trees make it a place of beauty.

Adjoining Tarboro on the south is the Town of Princeville which is the only incorporated Negro community in the State. Princeville was incorporated in 1885.

Edgecombe County was formed in 1732. Bounded by Halifax, Martin, Nash, Pitt and Wilson counties, it is in the center of the Bright Leaf Tobacco belt of the Carolina Coastal Plain. Within its borders are five hundred and fifteen square miles of rich agricultural land which produce

tobacco, peanuts and cotton in great quantity. The sandy loam of Edgecombe County is ideal for the raising of flue-cured tobacco. This valuable crop is grown in all parts of the county and contributes materially to the wealth of this section. Plant disease is rare and the better grades of tobacco predominate. Ranking sixth in the state in value of crops and livestock, Edgecombe County depends largely on the soil to maintain a relatively high per capita worth. Of the county population of fifty-five thousand, about seventy percent are engaged in agriculture and the raising of livestock.

Ranking sixth in the state in value of crops and livestock, Edgecombe County depends largely on the soil to maintain a relatively high per capita income. About 70% of the county's 55,000 population are engaged in agriculture and the raising of livestock.

The social and civic life of Tarboro is active and very progressive with 17 civic and cultural clubs. The Hilma Country Club and American Legion hut are constantly in use.

There are two public libraries in Tarboro with book-mobile service for the county people. The new and modern Edgecombe County Memorial Library was dedicated in 1955 and contains 2,000 volumes and many valuable paintings.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CASHIERS! TELLERS! — CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HILL'S TARBORO

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1956

Including Princeville

Copyright, 1956, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

"EVERYTHING FOR EVERYBODY"

**Don't Contribute to
Counterfeiters
KNOW YOUR MONEY!**

**Don't Be Fooled by
Forgers
KNOW YOUR ENDORSERS!**

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED
SEAL**

Counterfeit—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

**SERIAL
NUMBERS**

Counterfeit—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER

Counterfeit—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A “*Yellow Section*” or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city, plus miscellaneous other information.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
